## Appendix A Declaration of conformity

I, the undersigned  
Peter Sørensen, CEO at  
Spring Copenhagen Aps  
Sandvejen 26  
DK-4000 Roskilde

### Declare

under our responsibility that the items (appendix letters A-D) supplied by us are suitable for use in contact with food.

Item no's

**1005, 1009, 1016, 1021, 1022, 1023, 1024, 2006, 2007, 2008, 2009, 2027**

The item no. mentioned above materials:

**Wood (oak, ash, maple, mahogany, walnut)**

They are designed and tested in order to be used for – see appendix.

They comply with all applicable Danish and European regulations and requirements provided by:

- Regulation (EC) No 1935/2004 of the European Parliament and of the Council of 27 October 2004 on materials and articles intended to come into contact with food and repealing Directives 80/590/EEC and 89/109/EEC
- Commission Regulation (EU) No 10/2011 of 14 January 2011 on plastic materials and articles intended to come into contact with food
- Danish regulation Bekendtgørelse nr. 1248 af 30/20 2018 om fødevarekontaktmaterialer

Furthermore, in accordance with the statements issued by suppliers, we declare that our products are made of material complying in all respect to the requirements of following legislation and standards:

\* 32006R2023: Commission Regulation (EC) no. 2023/2006 of 22 December 2006 on good manufacturing practice for materials and articles intended to come into contact with food.  
32011R10: Commission Regulation (EU) No 10/2011 of 14 January 2011 on plastic materials and articles intended to come into contact with food

All Spring Copenhagen oil treated wood products in contact with food have been treated with a mineral oil. The chemical substances used for the selected oil are either listed in Regulation (EU) no. 10/2011 as amended or in the Swiss Regulation SR 817.023.21., or are classified as not hazardous – meaning that no substances classified as toxic, carcinogenic, mutagenic or dangerous to reproduction are used in the product.

Spring Copenhagen will maintain adequate documentation for inspection available for the authorities having jurisdiction.

The suitability to correctly use of the products in contact with food as regards the hygiene is under the responsibility of the user.

Spring Copenhagen Aps  
Peter Sørensen

## Appendix B Declaration of conformity

I, the undersigned  
Peter Sørensen, CEO at  
Spring Copenhagen Aps  
Sandvejen 26  
DK-4000 Roskilde

### Declare

under our responsibility that the items (appendix letters A-D) supplied by us are suitable for use in contact with food.

Item no's

**1001, 1002, 1011, 1018, 1025, 1026, 1033, 2000, 2001, 2011, 2012, 2016, 2017**

The item no. mentioned above materials:

**Metal, plastic (PP), porcelain, wood (oak, ash, maple, mahogany, walnut)**

They are designed and tested in order to be used for – see appendix.

They comply with all applicable Danish and European regulations and requirements provided by:

- Regulation (EC) No 1935/2004 of the European Parliament and of the Council of 27 October 2004 on materials and articles intended to come into contact with food and repealing Directives 80/500/EEC and 89/109/EEC
- Commission Regulation (EU) No 10/2011 of 14 January 2011 on plastic materials and articles intended to come into contact with food
- Danish regulation Bekendtgørelse nr. 1248 af 30/20 2018 om fødevarerkontaktmaterialer

Furthermore, in accordance with the statements issued by suppliers, we declare that our products are made of material complying in all respect to the requirements of following legislation and standards:

\* 32006R2023: Commission Regulation (EC) no. 2023/2006 of 22 December 2006 on good manufacturing practice for materials and articles intended to come into contact with food.  
32011R10: Commission Regulation (EU) No 10/2011 of 14 January 2011 on plastic materials and articles intended to come into contact with food

- Council of Europe: METALS AND ALLOYS USED FOR FOOD CONTACT MATERIALS –TECHNICAL GUIDE 2013
- US FDA 21 CFR
- German Food, Articles of daily use and Feed Code section 30 and 31.

#### Test and additives

Migration tests have been performed according to EBV 1186, referring to EC Directives 85/572 and 82/711 as amended by EC Directives 93/08 and 97/48

- The items comply with the overall migration limit
- The items comply with specific migration limits
- The items comply with the limit if heavy metals
- No use of dual use additives
- No use of functional barrier

The plastic used for these products do not contain substances with a specific migration limit or dual use materials.

Spring Copenhagen will maintain adequate documentation for inspection available for the authorities having jurisdiction.

The suitability to correctly use of the products in contact with food as regards the hygiene is under the responsibility of the user.

Spring Copenhagen Aps

Peter Sørensen
